

# Tutorial Contents (1)

## Agenda

## Acronyms

<b>Introduction to TTCN-3</b> .....	<b>1</b>
Motivation.....	2
Basic Concepts.....	11
TTCN-3 by Example.....	21
<b>TTCN-3 Type Definitions</b> .....	<b>45</b>
Usage of Types.....	47
Kinds of Types.....	48
Basic.....	49
Structured.....	51
Subtypes.....	57
Test-specific.....	58
Messages.....	59
<b>Tool Intro TTworbench (TTCN-3 Development)</b> .....	<b>61</b>
Features.....	63
TTthree Compiler.....	64
TTthree GUI Options.....	74
TTthree Command Line Options.....	83
TTthree Error and Warnings Examples.....	89
<b>Exercise 1 (Type System Definitions)</b> .....	<b>94</b>
<b>Basic Code Structures and Test Configurations</b> .....	<b>110</b>
Multiple Modules and Groups.....	112
Ports and Components.....	116
<b>Exercise 2 (Port and Component Type Definitions)</b> .....	<b>126</b>
<b>Communication and Test Case Behavior</b> .....	<b>132</b>
Templates – Declaring and Matching.....	135
Test Case Statements.....	141
Test System Architecture.....	150
<b>Tool Intro TTworbench (Execution)</b> .....	<b>155</b>
The Module Loader File.....	159
Execution of Test Cases.....	163
Evaluation of Test Results.....	166
The MLF – Technical Details.....	168
<b>Exercise 3 (Defining Templates and Test Cases)</b> .....	<b>172</b>

## Tutorial Contents (2)

<b>Details of TTCN-3.....</b>	<b>180</b>
Basic Language Elements.....	182
Modules.....	202
Types.....	207
Templates.....	224
<b>Enhancements.....</b>	<b>237</b>
Parallel Test Components.....	239
Ports.....	247
Implicit Test System Interface.....	257
Common Parts of Behavior.....	262
Functions.....	262
Alternatives.....	266
Trigger/Check.....	269
Altsteps.....	271
Address Type.....	284
Interleaves.....	285
Module Parameter.....	287
<b>Exercise 4 (Extension of Test Cases) .....</b>	<b>290</b>
<b>Procedure-based Communication.....</b>	<b>292</b>
Signatures, Types, Ports.....	295
Communication Statements in Test Cases.....	301
<b>GFT – The Graphical Format of TTCN-3.....</b>	<b>309</b>
<b>Using Foreign Data ASN.1.....</b>	<b>320</b>
<b>Implementing TTCN-3: Runtime/Control Interface (TRI/TCI).....</b>	<b>333</b>
Integrating TTCN-3 into Test Environment.....	334
TCI: Test Management (TM) .....	344
Component Handling (CH).....	354
Integrating TTCN-3 into Test Devices.....	370
TRI: System/Platform Adapter (SA/PA).....	371
Coding Examples – SA.....	381
TCI: Codec Interface.....	389
Coding Examples – CD.....	403
<b>TCI Codec Generation Framework.....</b>	<b>416</b>
<b>Introduction to TriDatagram API.....</b>	<b>442</b>
<b>TTworkbench: The TTCN-3 IDE.....</b>	<b>452</b>
